

PRAKASH R

Aspiring Full-Stack Developer

ABOUT ME

I'm an aspiring full-stack developer passionate about creating innovative websites and applications. With a strong foundation in both front-end and back-end technologies, I aim to bring ideas to life through seamless, user-friendly digital experiences. Currently, I am honing my skills in HTML, CSS, JavaScript, and various backend frameworks, with the goal of developing my own projects and contributing to impactful tech solutions.

Let's connect and explore how we can collaborate on exciting tech projects!
